

Week 4 Suggested Timetable - KS2 lockdown or whole school closure

Monday – Friday
Record any of your work in your learning at home book
<u>English</u> Year 3: The BFG narrative writing Lessons 16 – 20 Oak National Academy *Please send me the next section of your writing* Year 4: The Jabberwocky narrative writing Lessons 16 - 20 Oak National Academy *Please send me the last 2 sections of your writing*
<u>Guided Reading</u> Complete the volcano comprehension uploaded below. If this is a little too tricky, complete any reading activities in your Learning at Home book instead. Enjoy listening to and finding out about the author of the week at the virtual school library here . You can even read one of their books online! *Parents – please do check you are happy for your child to take part in this author of the week activity – it is aimed at the whole of KS2 (so some authors are aimed at year 6, for example.)*
<u>Spelling, Grammar and Punctuation</u> <u>Spelling</u> Continue to learn your spellings for the week. They can be found here . <u>Grammar</u> Complete Spring Test 2 sent home in your original pack Complete 2 further preposition activities uploaded on class 3's page. Then, can you write some sentences in your Learning at Home book using the new prepositions but adapting and applying them to your learning about rocks or volcanoes?
<u>Maths –</u> Year 3: Use the blank 'Who wants to be a millionaire?' template uploaded on class 3's page to create your own fractions quiz. Complete the fractions test in your new pack of work. Practise your number bonds and counting – see the sheet uploaded on class 3's page to see how. Year 4: Working with Fractions Lessons 16 - 20 Oak National Academy Use the blank 'Who wants to be a millionaire?' template uploaded on class 3's page to create your own fractions quiz. Complete the fractions test in your new pack of work. There are also fractions tasks with accompanying worksheets to complete here if you would like to. Scroll down until you see the fractions section. In addition, there are the links from last week to access.

Please upload your quiz to Teams or send to me via email.

Science

Using what you learned last week, draw a labelled diagram to show how igneous, metamorphic or sedimentary rock is formed. You can even record all 3 if you'd like!

Please send me this work

Design and Technology

Make a volcano cake, if you and your parents have the time and the ingredients. There is a recipe [here](#) or a simpler version [here](#).

The task in this section need adult support and supervision

Please send me photos or a video of this activity, if you get chance to complete it – I would love to see it!

Geography

Choose, research and present a famous volcano. Perhaps choose one which links to our learning in class 3 either in the future or at the moment (Mt Vesuvius, or a volcano in Central America) You can choose any in the world though!

Present your work however you'd like – examples: a poster, a PowerPoint or even a model with facts attached!

Please send me this work

PE

Take part in PE with Joe Wicks 3 times this week.

Remember the look, cover, say, write, check method that I have taught you to practise independently for your spellings.

Complete at least 20 minutes per day on Doodle if you have an account.

Practise the times tables you need to focus on.

Read your reading book for at least 20 minutes per day.

Complete any unfinished work from last week.

If anyone has completed all of the work set, or would simply like a change of activity, further tasks, including some practical activities, quizzes and games, can be found by clicking on the subject tabs above (labelled French, Art and Design, for example). Please do make sure that you use these tabs alongside the work on the timetable, not instead of, however.

Feel free to access further English and maths practice worksheets at [Classroom Secrets home learning packs](#) which will further support your learning.

If you search BBC Bitesize or on other websites, please may I ask that you search for content related to our units/topics to ensure you are covering what you need to learn this term (search rocks in science, volcanoes in geography for example not Egyptians in history as that is next year's topic.)
